

Thank you, Triad Church Network, for your ongoing support of Pivot Ministry! You continue to empower women to make transformative changes in their lives resulting in positive, strengthened connections with God, themselves, their communities, and their resources.

Pivot continues to deliver its mission to *empower low-income women for better life and work opportunities* through a 16-week series of classes held twice per year and based on the Christian Women's Job Corps model. Over the past twelve months, we celebrated our 9<sup>th</sup> and 10<sup>th</sup> Class graduations!

One participant shared this with us about her experience:  
*Pivot has been instrumental to me in helping me to rediscover my Purpose and reconnect to God through powerful Bible studies, motivational lessons, and healthy relationships. It has also helped me to work on my life goals including improving my health, advancing in the job field, increasing my credit score, and looking for ways to maximize my income. I am excited about investing in myself the way The Pivot team has invested in [me] and the other participants.*

– Lynette, Class 10 Graduate

Triad Church Network's support also empowers Pivot to stay connected with each graduate through Pivot Plus programming. We celebrate the 420 individual connections made with graduates by our Pivot Plus volunteers, annually; and the 70% of graduates able to participate in quarterly Pivot Plus events held in person. Pivot Plus encourages graduates as they continue steps toward their goals and sustain the changes they began during class.

If you would like to learn more or volunteer with Pivot Ministry, please reach out! We have several opportunities available: Provide lunch for our Pivot class, become an encourager for graduates through Pivot Plus, or support Pivot operations through committee participation (HR, Finance, Fundraising, Governance), to name a few.

Thank you, again,  
Joanne Henley, Executive Director  
Pivot Ministry
